United States -- Free-Press-Release.com -- Mar 07, 2016 -- The fiction eBook has been released on March 6, 2016 by the pioneering digital publisher Free-ebooks.net in Nevada, USA.

The author narrates the girl named Pamela and her family moving to a new home. This is in the heart of the city with easy and convenient access to all kinds of shops and even a pharmacy.

Soon Pamela's brother falls ill and so her Dad fetches the doctor from the pharmacy. He examines her brother and gives some medication which makes her brother recover in a short while almost magically.

This doctor is going to become a constant doctor for the family who will always help the family with medical issues for years together.

When Pamela has fever or cough, her family always consults the doctor who heals her completely.

Pamela works on a regular job, and she gets gradually stressed with it, falling into a cycle of depression. It is then the family doctor is consulted again, and seeing her condition, the doctor advises to go for counseling sessions with the trio: Pamela, her mom and the doctor himself. The doctor tries to impart new beliefs and values to Pamela through these sittings. After several sessions, the doctor hints that he will be moving out of town and settle down in the outskirts of the city. In fact, it is the last session Pamela is ever going to have with the doctor.

She cries secretly and grieves a lot. She had found strength in the doctor but she gradually starts to reason out herself that she has always been a great and competent girl, completing her higher studies all by herself abroad and carrying out long, interesting and sophisticated projects at her work. Where is she less? Yes, she can let go of the doctor and yes, it becomes possible for her to affirm it in her mind.

While Pamela moves on with hope and light, she does remain in touch with her doctor for a while by calling him up. In the process, the direction of role playing completely reverses! Now what do I mean by that? How does it happen? And that is not all: Pamela's life is going to get very exciting! What is it all about?
